REAL ESTATE TRENDS

Healthcare Real Estate Report Confirms Trend Toward Outpatient Care

Occupancy in outpatient healthcare real estate remains extremely strong, exceeding 92% in many major markets, according to information from the 2026 Revista Medical Real Estate Investment Forum.

[Healthcare Finance](#), [Colliers](#), [Healthcare Real Estate Insights](#)

Hospital Margins Are Threatened as Surgeries Move Outpatient

Surgeries have increasingly gone outpatient or moved to ambulatory surgery centers as technology like robotic-assisted surgery has made procedures easier and safer. Starting this year, the Centers for Medicare and Medicaid Services made a change that may speed up that transition even more.

Improving the Budget Process for Facilities

Improving the budget process requires disruption and acknowledgement that underfunding stewardship increases risk to business continuity and quality patient care.

Health Facilities Management

“Bigger was Better” for Debt in 2025

Portfolio deals made a big comeback in 2025, especially in the second half of the year. The return of the portfolio, as it turns out, was a big driver in the increase in MOB sales in 2025, as the total for the year rose to its highest yearly level (arm’s length volume) since 2022, reaching \$12.7 billion.

Healthcare Real Estate Insights

3 Big Questions Surrounding the Rural Health Transformation Program

As funds begin flowing to states through the five-year, \$50 billion Rural Health Transformation Program, hospital leaders are confronting a central question: Will the initiative meaningfully stabilize struggling providers — or will it fall short of offsetting an estimated \$137 billion in Medicaid cuts to rural communities over the next decade?

Rethinking Best Practices: IFHE World Congress Connects Healthcare Facilities Decision-Makers Worldwide

During his tenure as vice president of engineering and facility management for HCA Healthcare, Brian Weldy liked to encourage his team to look beyond best practices: "The best practice is like the best standard: there are so many from which to choose." Instead, he preferred to focus on "the leading practice. Look for who is changing the way we do maintenance or capital reinvestment or deal with staffing shortages."
